

Year 3 Geography Knowledge Organiser **Topic-** How is land used in the UK?

Key Vocabulary

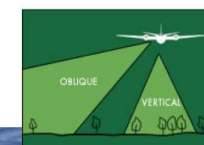

agricultural	Agricultural land is land that has been designated solely for the purpose of farming activities and agricultural production.
residential	Residential land use involves the building of properties to live in. Housing estate. Recreational. This is converting land for human enjoyment, such as parks.
commercial	Commercial land can be any plot or section of land used for commercial purposes and intended to generate a profit. This means that the land hosts warehouses, industrial property, retail stores, parking lots, malls, hotels, office buildings, and medical centres.
industrial	Industrial land use means the use of land primarily for the purpose of manufacturing, production, fabrication or assembly processes and ancillary services.

Coldhurst is an area of Oldham and an electoral ward of the wider Metropolitan Borough of Oldham in Greater Manchester, England. At the time of the United Kingdom Census 2001, it had a population of 11,935, increasing to 13,201 at the 2011 Census. The electoral ward spans most of Oldham's town centre, although the name Coldhurst conventionally applies to the area immediately north of the centre.

Aerial Images

An oblique image is slanted or tilted.

A vertical image is known as a 'birds eye view'.
